POLICY

1. School profile

Ultima Primary is located 32 km south west of Swan Hill amongst dry land farms. The school is the focal point for the community and surrounding farms.

We are committed to enhancing learning by challenging every student to achieve success and personal growth through a stimulating and supportive teaching environment that informs and involves parents and community; preparing students for the future.

Acceptance of responsibility and the ability to work independently in pursuit of their full potential are seen as necessary for each student's success at this school.

A culture of improvement in teaching practice and student outcomes exists. Teachers work cohesively as a team, plan collaboratively and provide critical support.

A significant strength of the school is the creative use of computer technology in the classroom. The school is adopting a 21st century approach for digital learning of 'anywhere, anytime learning'. Students have their own device that can be utilised at school and supported with an online learning environment.

There is a strong partnership between parents, staff, students and the community taking ownership of the learning and developing the school's facilities. These partnerships have created a safe and stimulating learning environment.

2. School values, philosophy and vision

Ultima Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, responsibility, integrity and resilience at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Our Statement of Values is available online at: ultimaps.vic.edu.au/index.php/policies/
